## EXPERIENCE

### Participated in SEC IUJPC 2022

That was an awesome experience for me. It was my first time on a national onsite contest. I totally had fun

### Participated 70+ contests in Codeforces and 30+ contests in Codechef

Contests are always fun for me. It makes me better and encourages me to improve my performance

### Participated in international contests like Google CodeJam, Google Kickstart, Google HashCode, Meta HackerCup

These contests gives challenging problems focusing on the algorithms rather than only basic observation problems

### Participated in ICPC regional preliminary contests

I participated two times but had a bad luck
